

GREECE TO DEMOBILIZE

SECTION OF HER ARMY

Troops at Saloniki Will Be Withdrawn and Placed Elsewhere, Is Claim.

ATHENS, November 27.—It is understood that the Greek reply to the note of the entente powers agrees to a partial demobilization with a view to relieving the strain on the country's finances, and that it also undertakes to withdraw Greek troops from Saloniki and distribute them to other points on the frontier.

Some of the government papers assert that the cabinet has discussed the question of instituting judicial proceedings against Eleutherios Venizelos, the former premier, because of his recent manifesto urging his followers to abstain from taking part in the coming elections.

Denys Cochlin Leaves.

Denys Cochlin, the French cabinet minister, who has been the recipient of public ovations and honors while in Greece, has left for Italy aboard the Greek cruiser Helios.

FUNERAL SERVICES HELD FOR HARRY A. LATIMER

Victim of Auto Buried at Oak Hill Cemetery—Police Continue Investigation of Accident.

The simple burial service of the Presbyterian Church this afternoon was conducted over the body of Harry A. Latimer, forty-eight years old, who was run over by a motor vehicle on the Rockville pike near the home of Dr. Latimer, Wednesday night and so badly injured that he died at Georgetown University Hospital several hours later. The ceremony was conducted at the residence of George A. Evans, brother-in-law of Mr. Latimer, 150 12th street northeast, Rev. Hubert R. Johnson, pastor of Chevy Chase Presbyterian Church, officiating. Interment was at Oak Hill cemetery.

Three brothers, Joseph S. Lee D. and Clarence E. Latimer, and George Latimer, were present at the funeral. Sheriff Whalen of Montgomery county, Md., and the police of this city were on duty at the residence of the motorist who ran over Mr. Latimer and who did not stop to inquire the extent of the injuries his victim sustained. This morning the police were instructed to make every effort to locate a small motor truck with black body and sides constructed of board, information having been obtained that it was such a vehicle that injured Mr. Latimer.

The police say they believe the truck belonged to a merchant and that it was on delivery route when the accident occurred. It is stated that it was going at a rapid rate of speed when Mr. Latimer was struck and that it probably turned into Bradley lane.

ELECTS OFFICERS TOMORROW.

Hebrew Free Loan Association Submits Year's Work—Many Aided.

Officers of the Hebrew Free Loan Association are to be elected at the sixth annual meeting of the organization to be held in Ohav Sholem Congregation, 6th and I streets northwest, tomorrow at 4 p.m. D. Bergin, president of the association, is to open the meeting, and several addresses are to be made.

"The reports for the year show receipts of \$2,766.44 and disbursements of \$2,611.55. A total of 110 persons were granted loans, 4 rejected and 5 persons never returned for the loan. Of those who received aid, 22 were tailors, 44 storekeepers, 8 shoemakers, 6 peddlers and 21 miscellaneous. Nineteen were married men and 2 were single men.

In a bulletin summarizing the year's work the following is set forth: "The Jewish community of Washington is now no doubt familiar with the beneficial and very useful work that is being performed by the Hebrew Free Loan Association, but whether you know of the work it is doing or not we need your interest and encouragement, so as to enable us to continue to carry on our work, and, if possible, on a larger scale than we have done heretofore."

GAS EXPERTS ARE COMING.

National Commercial Association Begins Convention Here Tuesday.

Delegates to the National Commercial Gas Association convention, which will be held at the New Willard Hotel Tuesday, are arriving in Washington in large numbers. It is expected that by Monday 1,000 delegates and their families will be here.

District Commissioner Oliver P. Newman will welcome the delegates to Washington when the convention is formally opened at 10 o'clock Tuesday morning. President H. B. McLean of the association will present his annual report at that meeting.

One of the features of the convention will be a golf contest between several teams for the President's cup and another handsome cup offered by the secretary. The match will be played at the links of the Columbia Country Club Friday morning.

Do You Wobble When You Walk?

It isn't any fun to be fat. Don't be fat. It isn't necessary. Don't be skinny, either. It is dangerous.

Read Dr. Bowers' article on "Side-Stepping Stoutness." It tells you what medical science has found out about fatness, and it doesn't cost you anything, either.

It's in the next

FRENCH LOAN MAY REACH

\$4,000,000,000

One-Half of Amount May Be in Cash Subscriptions—People Respond Freely.

PARIS, November 27.—Paul Leroy-Beaulieu, the economist, estimated today that subscriptions to the new French war loan may amount to 20,000,000,000 francs (\$4,000,000,000). Of this amount perhaps one-half will be cash subscriptions, the remainder representing conversion into the new loan of earlier issues of treasury notes and national defense bonds. No official figures are yet available and other estimates of the total are at wide variance with that of M. Leroy-Beaulieu.

Officials of the treasury department express great satisfaction with the results thus far. Lines of subscribers at the Bank of France and many other places today were as long as those which waited yesterday.

Peasant Causes Surprise.

The promptness with which all classes have responded to the call of Finance Minister Ribot has given rise to many odd incidents. A man with the cap and blue blouse of a peasant was asked at the Bank of France what denominations of bonds he desired. The clerk, after from his appearance that he would subscribe for 100 to 1,000 francs.

"I don't care," the peasant responded. "The less paper the better. But give me 100,000 francs' worth."

He paid one-third of the sum in gold. A significant detail of the loan subscriptions is the increase in gold held by the Bank of France, coming from private holders.

HOW FEDERAL RESERVE BANKS SERVE COUNTRY

Make for Safety in Times of Stress, Chicago Banker Asserts.

CHICAGO, November 27.—Praise for the federal reserve banks and the effect they have had on the finances of the nation was voiced today before the conference of the Western Economic Society by Edmund D. Hulbert, a Chicago banker, who reviewed present financial conditions.

Mr. Hulbert said that no one familiar with the facts could doubt that the federal reserve banks have been in operation in August, 1914, as they are today there would have been no suspension of payments in this country.

Swinging of the Pendulum.

"Violent contractions in money and credit are always followed by periods of expansion, which, if unchecked, lead almost inevitably to another crisis," said Mr. Hulbert.

"We are now passing through just such a period of expansion. The function of the federal board to contract credits in a period of overexpansion is just as important as its function to expand credits in a time of excessive contraction."

"The farther the pendulum is allowed to swing in one direction the more difficult it will be to check when the swing comes to the other way, and as the present tendency to expansion is beyond the control of the federal reserve, it is quite possible that a tendency to contraction may eventually follow, which will also be beyond control."

Brakes at Both Ends.

"What we want is to get the country accustomed to having the brakes put on at both ends," continued Mr. Hulbert. "So that the narrower limits. The financial safety of the country depends on this. Most of the financial crises we have had are traceable to overexpansion of credits caused by a long period of low interest rates."

TO AID HOME FOR AGED.

Mass Meeting Scheduled for Tomorrow at Adas Israel Synagogue.

Simon Wolf, Rabbi Synagogue, Silver Spring, Md., and H. B. Bauman, president of the Adas Israel Synagogue, are to be the speakers at the first annual mass meeting of the Hebrew Home for the Aged to be held tomorrow afternoon at 2:30 o'clock at Adas Israel Synagogue, 6th and I streets northwest. B. Danzansky will preside.

Officers of the home will be elected and the annual report of this institution, which shelters aged and unfortunate Jewish men and women, will be submitted.

WHITE SLAVE LAW ARREST.

Ethan Hutchinson Is Taken Into Custody at Baltimore.

Charged with an alleged violation of the white slave law, Ethan Hutchinson, 2302 Ontario road, was arrested in Baltimore last night, and Miss Alice Ackerman, whose home is near Arlington, Va., was arrested as a witness. She was brought here by Detective Baugh and detained at the house of the Baltimore detective returned to Baltimore with a warrant for Hutchinson. The Baltimore authorities arranged for a hearing for the prisoner before a magistrate this afternoon. Miss Ackerman, who was employed in this city, was reported missing, and search instituted by her parents resulted in locating her in Baltimore.

IN CHINA UNTIL SPRING.

Gen. Morrison's Retention There Due to Critical Aspect of Affairs.

Brig. Gen. John F. Morrison will probably remain at Tientsin, China, with the 15th Regiment of Infantry until next spring, when he will be transferred to Manila to relieve Brig. Gen. Hunter Liggett, who is to succeed Maj. Gen. Thomas H. Barry as commander of the Philippine Department. At that time Gen. Barry is due to return to the United States and will be assigned to the command of the Central Department, with headquarters at Chicago.

The decision to keep Gen. Morrison in Tientsin is due to the critical aspect of the situation in that country, which is regarded as of sufficient importance to require a brigade commander.

Leaves Estate to Daughters.

The will of Catherine Brown, dated November 23, 1915, was filed today for probate. She leaves \$100,000 to each of her daughters. An additional \$100,000 is given to the eldest daughter, Mrs. Caroline Thompson, for attention during the last illness of the mother, Virgie M. Brown, the youngest daughter, is to have \$10 per month until \$300 is paid to her. The remaining estate is to be shared equally by the six daughters. Rev. W. A. Melvin is named as executor.

RULES OF ESSAY CONTEST ON

"ELECTRICITY IN EVERYDAY LIFE."

Subject: "Electricity in Everyday Life." Write not more than 250 words. Write on one side of the paper only. Write your name, age, grade, school and home address at upper left-hand corner of the first page. If you write on more than one page, fasten pages together.

Get your essay in early. Contest closes at midnight December 2.

Address your essay to Electrical Contest Editor, care of The Star.

Contest open to general public and public school children of the District of Columbia.

YOUNG ESSAYISTS WITH BRIGHT IDEAS

Writers on "Electricity in Everyday Life" Actively Competing for Prizes.

Representative Rodenberg of Illinois Classes Democratic Solidarity as a Reminiscence.

William A. Rodenberg of Illinois, former member of the House of Representatives for several terms and elected to the present Congress, has come to Washington for the session. In an interview today Mr. Rodenberg said:

"From recent indications President Wilson will have a rough and rugged road to travel during this Congress. Democratic solidarity is a reminiscence of the democratic membership. The members of the Senate and House can now act like real democrats."

"I will be interested to follow our democratic friends in their frantic efforts to raise sufficient revenue to meet the new conditions and to cover the deficit resulting from the Underwood tariff law without resorting to a bond issue. The war revenue tax, which was to have been terminated on January 1, will have to be re-enacted and an effort will be made to enlarge its scope."

Mr. Rodenberg said that the electric light—things you take for granted—can be a source of worry to the steps and worries they save.

New Ways to Utilize Electricity.

But remember that the big and little wizards who work along electrical lines are constantly finding new and unheard-of ways to utilize what once was regarded as just "lightning." And that these new wrinkles are always to be seen in business establishments, hotels, and most especially in the stores, sooner than they are in houses and apartments. After they are in the store, they must be offered for sale, and it is in the stores and at this time of year, shortly before Christmas, more than anywhere else, that they may be seen in their greatest variety.

One Washington man last year connected his wife's sewing machine with an electric light socket so that it ran beautifully without any footwork on the part of the seamstress. The electric light socket, which he may have entered the contest has done the same thing. Never mind, says the Contest Editor, the place Wilson is in. The electric light, but be keen for aspects of its practical application.

Essays Arrive in Large Numbers.

Already essays are arriving in the contest editor's mail in large numbers, and a lot more are expected early next week. Remember that the contest closes at midnight December 2, and get your essays in early. If you are a prize winner you may receive a handsome electric lamp, a useful electric coffee percolator, a valuable electric grill, a teakettle, curling iron, or one of a number of other valuable prizes, handy household articles of standard quality, which can be operated with electricity.

There will be four classes in the contest, with eight prizes in each, to be divided among the thirty-two prizes in all, and each person who competes by writing an essay will have a good chance of obtaining a prize.

Classes and Prizes.

The classes in the competition and the prizes offered are as follows: General public—Any one addressed to contest—First prize, an electric lamp; second prize, an electric percolator; third prize, an electric grill; fourth, fifth, sixth, seventh and eighth prizes, electric candles.

Washington high school pupils—First prize, electric chafing iron; second prize, electric curling iron; third prize, electric grill; fourth, fifth, sixth, seventh and eighth prizes, electric candles.

Pupils in Washington public school grades from the fifth to the eighth, inclusive—First prize, electric chafing iron; second prize, electric heating pad; third prize, traveler's electric iron; fourth, fifth, sixth, seventh and eighth prizes, electric candles.

Pupils in Washington public school grades from first to fourth, inclusive—First prize, electric chafing iron; second prize, electric heating pad; third prize, electric toaster; fourth, fifth, sixth, seventh and eighth prizes, electric candles.

Good Way to Earn Christmas Gifts.

This contest is an excellent opportunity, point out those in charge of it, to earn a Christmas present for some member of your family or for some one to whom you are under obligations. The judges will grade your essays in pretty much the same way a teacher in school would. The papers will be marked on a basis of 100 per cent, in this fashion: Spelling, 40 points; grammar, 20; general neatness, 20; handwriting, 20.

This will be good practice for the regular work of pupils in school. The judges will be John C. McLaughlin, chief clerk, Potomac Electric Power Company; E. C. Graham, president, National Electric Supply Company; H. R. Carroll, president, Carroll Electric Company, and the Electrical Contest Editor of The Star.

SAYS "DON'T KISS THE BABY."

Speaker Tells How to Avoid Communicating Contagions to Infants.

Don't kiss the baby, don't even handle it. Admire it at a distance if you desire, but don't go a step further. Such was the advice given adults last night in St. John's Church by Dr. H. L. Donnelly, a specialist in children's diseases, who spoke before the Society of Keep Wells.

Dr. Donnelly said that, omitting the air we breathe, milk is the greatest source of contagion. It is the cause of diphtheria, whooping cough and other con-

Real Estate Transfers.

INTEREST—Oscar H. Robey, executor and trustee, to Barton S. Stewart, all interest in estate of Howell Stewart, deceased; \$1.
